"We" pay for loss caused by theft or attempted theft of materials and supplies for use in construction of a building covered under Coverage A or Coverage B and described above.

The coverage provided by this endorsement applies to the building before it is occupied for its intended use. This coverage does not increase the "limits" that apply to the covered property.

"We" do not pay for loss:

1. of materials insured by any contractor, builder, lumberyard, or supplier;

2. committed by an "insured", employee, tenant, contractor or employee of contractor, or by any other person to whom the property is entrusted;
3. disclosed on taking inventory;
4. by conversion or embezzlement;
5. by mysterious disappearance; or
6. by larceny or swindling, fraud, trick, or false pretenses.

The most "we" pay is the "limit" shown for Theft of Building Materials. All other "terms" of the policy apply.
